

## Luxury Boarding

We offer luxury accommodations for a limited number of overnight guests. Our program is perfect for pet owners who want their pets to experience a "home away from home."

Our private suites offer toddler beds and premium bedding, outdoor views and doggy daycare or private playtime at no additional cost.

Our Bed-n-Breakfast mini-suites are perfect for small breeds on a budget. Cozy quarters and playtime in doggy daycare provide a relaxing and fun-filled experience.

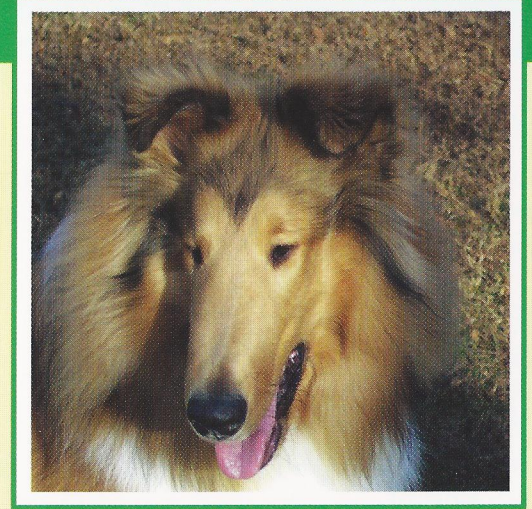

## Dog & Cat Grooming

Have our grooming salon pamper your pet! Bathing, styling, brush-outs and custom cuts are available for all breeds.

We offer special rates for dogs who are participating in daycare or boarding.

## Doggy Daycare

Daycare is an opportunity for dogs to play and have off-leash fun with other friendly dogs. Benefits include:

- ~Exercise and improved fitness
- ~Socialization and companionship
- ~Reinforcement of good manners
- ~Playtime and fun
- ~A calm and content pet to greet you at the end of the day

Your pet will play with a group of similarly-sized dogs under the supervision of our PCSA certified staff. Activities include playtime in one of three indoor areas or our three outdoor areas. Our webcams provide an opportunity to share in the fun the dogs are having!

All dogs who attend daycare must pass a temperament test and have proof of current vaccinations or titer testing. Our goal is to offer the safest environment possible for your dog.

## Training

We offer training for all ages and levels of ability. Positive, motivational methods are used to achieve results and to make sessions enjoyable for dogs and owners alike.

The new "Digging Dogs" Training Center in Mentor is located one mile west of the PetWorks facility and is the site for all classes.

Sessions include Puppy Discovery, Obedience Foundations I, II, III, Canine Good Citizen & Therapy Dog, Agility for Fun, Competition Agility (all levels) Rally and Competition Obedience (all levels.)

## In-home Pet Care

We provide in-home pet care for cats, dogs, and other companion pets. Feeding, exercise, and all-around TLC are provided. Your pets stay in a familiar environment and we make sure that they are happy and well when you return.

Vacation pet care, midday dog walking service, and care for special needs pets are available 365 days a year, including all holidays.

## General Information

The PetWorks facility is a climate controlled, smoke-free, pet-friendly space. The newest addition to the PetWorks family is the "Digging Dogs" Training Center - a multi-discipline learning center.

We offer a total package of pet care services for the convenience of our clients. If you need pet-related information, we're happy to answer questions and recommend resources.

We welcome visitors during our regular business hours. Group facility tours are scheduled several times a week.
